

Wedding Planning Form

Step 1: Get Started

In most weddings, all the men wear the same style. The groom is often in a different style and color. In some cultural traditions, the groom will wear a different color tuxedo or a longer coat to stand apart. When deciding who to include in your tuxedo plans, be sure to consider all of the family members who will be appearing in your wedding pictures.

2. Pick Styles

Browse the Fktuxedos.com website to select tuxedo options from your favorite designer. We have one of the largest vest selections, will match any wedding color!

3. Visit a store

Bring your notes with you when visiting your Formal Knight retailer to set-up your wedding. Formal Knight offers a free grooms tuxedo. Please visit our website and click on the link to print out your free groom certificate. If a swatch of the bridesmaids' dresses is available, it is helpful to bring it with you to your tuxedo consultation. Your Formal Knight retailer will have fabric swatches of vests and ties to help with your color choice.

4. Get measurements

If the gentleman in your party are out of town and not available to visit out retailer, ask the gentleman in your wedding party to get measured at any formalwear or menswear specialist in their area. Most formalwear retailers will offer a courtesy fitting. Just have them take this form with them or bring this form in when getting measured. Formal Knight suggests that you visit a retailer at least 4 weeks before the event. That gives the retailer enough time to submit the order or any changes, and us enough time to get your order ready and on time for the event.

5. Try on and pickup of tuxedos

The week of your event, you will have a final fitting appointment for all the members of your party to try on their tuxedos. Your Formal Knight retailer will make all final fitting adjustments at the time. Any last minute changes should be done at your final fitting.
